REMARKS

The Examiner's Amendment for the instant application entered amendments to the specification and the claims. Regarding the latter, claim 9 was amended to additionally recite "in a container," and claim 22 was written in replacement of claim 21, which was cancelled.

The current amendment to claim 22 corrects a small typographical error entered by the Examiner – "phosphor-tau" is now written as "phospho-tau." Applicants also take this opportunity to amend claim 9 to clarify that the recited phospho-tau peptide is in the container.

Applicants respectfully submit that the above amendments do not introduce any new matter into the instant application.
